The MCC was created by Congress in 2004 as an innovative and independent U.S. foreign aid agency with a mission to reduce poverty through sustainable economic growth. This mission aligns with *our corporate goals of community outreach*.

As the Office of Chief Information Officer (OCIO)'s primary business and technology support agency, Insignia will play a critical role in the administration and support of MCC's global foreign aid program. Insignia will be providing IT Infrastructure, Strategic Planning and Project/Program Management Support. As a certified Service Disabled Veteran Owned (SDVOSB) Insignia is proud to be serving this great customer and we look forward to assisting the OCIO in achieving their IT goals and vision that will *enable the MCC to reduce poverty through sustainable economic growth*.

Insignia Technology Services, LLC is a Newport News, VA based company, and is one of the fastest growing **Service Disabled Veteran Owned Small Businesses**. Insignia is a leading provider of information technology services and solutions. Core competencies are cradle-to-grave support of very large and complex Enterprise IT solutions running in mission-critical high-availability environments. This includes everything from program management, architecture, and engineering to help desk support and training. In addition to building and managing Enterprise IT solutions, Insignia also provides top-notch professional services in the areas of educational technologies, knowledge management, systems integration, strategic planning, and enterprise architecture. Insignia was Inc. Magazine's 7<sup>th</sup> fastest growing Company in the Government Sector and overall ranked 29<sup>th</sup> in 2010.
